

IT will be performing patching and maintenance on Webl on the following dates:

- 7/10 4PM- 9PM
- 7/17 1pm-6pm

Additionally, Webl may experience slow performance during the following timeframe:

- 7/10 12pm-4pm

Webl may not be down for the entirety of the timeframes listed, but could experience reports that get “hung” or run exceedingly slow during these times.
